Will Ask Payroll Increase

Ike to Send Special Message to Congress On Civil Service And Postal Workers

AUGUSTA, Ga. (AP)—President Eisenhower will send a special message to Congress Jan. 11 recommending pay increases for federal civil service workers and postal employees.

Another special message will be sent to Capitol Hill Jan. 13, the White House announced, outlining a program of increased pay and benefits for members of the armed services.

The second message will also deal with the new reserve program outlined recently by Secretary of Defense Wilson.

James C. Hagerty, White House press secretary, told reporters the proposals for civil service pay increases and adjustment of job classifications would add about 202 million dollars a year to present payroll costs.

This figure is about 5 per cent of the present payroll for classified civil service workers, he said.

Hagerty did not provide any figures on the increases being considered for employees of the Post Office Department and members of the armed forces.

He did say, however, that the administration still feels that any increases for postal workers should come from increased postal rates, and that any legislation would include provision for such hikes.

Hagerty declined to say whether Eisenhower would recommend a one-cent increase in the rate for first class mail, bringing the sealed letter rate to four cents. Congress balked at this last year.

Eisenhower vetoed a pay hike bill for civil service and postal workers last August because it did not contain provision for postal rate increases.

Hagerty said the civil service and postal recommendations this year would not be linked in one bill.

As now drafted, the recommendations provide for a minimum increase of \$125 a year for civil service workers in the grade of GS 1 and a maximum of \$800 a year in the top grades.

Farmers Rejoice At Heavy Snow In Pettis County

Farmers throughout this area were rejoicing on arising Wednesday morning to find a blanket of snow, with it continuing to fall, as it will provide them with moisture that had been sorely needed for a long period.

The snow moved in during the early morning hours and made transportation difficult as well as hazardous. Taxi companies were overwhelmed with calls from business men and women, clerks, stenographers, and other downtown workers in stores, factories and shops, and many were as a result, in some instances late in reaching their usual places of employment.

Highways, too, were slippery and the Highway Patrol early in the morning placed a road block at the west limits of Sedalia on traffic between here and Kansas City.

Buses on Highway were going through, as were those north and south on the Springfield-Sedalia-Den Moines line.

The snow was the first of any appreciable amount this season.

The snow to the depth of about four inches drifted rapidly accumulating in heaps at numerous places. Automobiles parked about curbs in both the business and residential sections were difficult to get going unless they were started on a downgrade. Wheels would spin on the wet or icy pavement under the snow, not having enough traction to get them moving.

Pedestrians too had their troubles and although they were not as numerous as under normal conditions, those that had to venture out waded through and when drifts were encountered some were up to boot tops. Puffing and blowing, they made it and then stayed inside as much as possible to avoid the disagreeable wind and blowing snow.

Special Offer

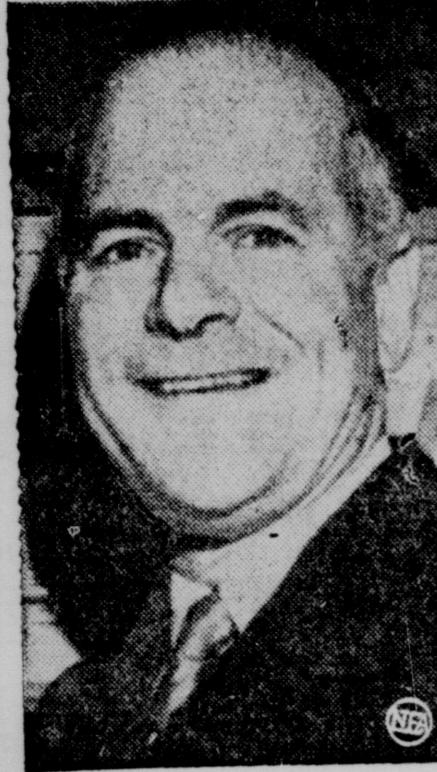

The local merchants could really clean up in the clearance sales today if they offered a free pair of snowshoes with every purchase. That is, if anyone could dig his way downtown to take advantage of the offer.

Snow ending tonight. Total accumulation near six inches. Thursday cloudy and continued cold. High Thursday near 30. Low tonight near 20 degrees.

The temperature at 6 a.m. was 22, 27 at 1 p.m. and 28 at 2 p.m. Snowfall six inches, having .58 inch moisture.

The temperature one year ago today, high 43, low 29; two years ago, high 50, low 32; and three years ago, high 54, low 36.

Isolates Major Cities

Winter's Worst Storm Batters Oklahoma, Kansas and Texas

OKLAHOMA CITY (AP)—The winter's worst storm battered parts of Oklahoma, Kansas and Texas last night, isolating major cities today and stranding motorists on snow-choked highways.

Bitter cold weather accompanied the storm in many sections.

Some areas, such as Tulsa, Kansas city and northeast Texas, were still getting snow with a prediction of three more inches due at Kansas City by nightfall.

Tulsa and Oklahoma City were isolated after 7-inch snowfalls overnight. Skies were clear at Oklahoma City at daybreak, however, and the snow is expected to end in the rest of the state by afternoon.

High winds piled the snow into deep drifts on open highways and many city streets. Officials at Douglas Aircraft Co. in Tulsa and at Tinker Air Force Base here ordered their installations closed for the day and advised workers early not to hazard slick streets getting to work.

A group of 120 Boy Scouts defied near-blizzard conditions to camp out all night at Camp Kickapoo, 10 miles southwest of Oklahoma City. Leaders said the youngsters will carry out the annual three-day winter encampment in spite of a 10-inch snow. They slept in tents during last night's driving snowstorm.

Oklahoma bus schedules were canceled last night. Union Bus Station at Oklahoma City was jammed with stranded passengers. Air and train travel was going through with delays.

Nearly every major highway in Oklahoma was blocked early today at some point. Motorists were urged to stay at home.

Worst conditions existed in southwestern Oklahoma where Lawton and Fort Sill areas were sheathed under heavy ice and snow.

Fort Scott, Kan., on the Kansas-Missouri border had 17 inches of snow and the fall was continuing. Garnett, Kan., had 8 inches.

In Texas, highways were blocked by snow and ice as far south as Dallas and Fort Worth although

Snow and Ice Cover Most State Roads

Highway Patrol Says Driving Is Bad Above Hannibal-Joplin Line

KANSAS CITY, Dec. 29 (AP)—Winter dumped snow, ice and rain on Missouri today with indications the snowfall will be heavy in the central and northeast sections of the state.

The snow began falling during the night in the southwest section of the state and today is moving northeastward. Southeast of that snow band there is freezing rain, sleet and glaze, while to the northwest of it there is occasional snow.

Nevada, Mo., received 11 inches of snow during the night, Carthage had nearly 6 inches. Joplin and Springfield 3, with the fall continuing.

In central Missouri the snowfall was accompanied by thunder and lightning.

Hazardous driving conditions were reported over most of the state. Traffic was snarled in Joplin, Carthage, Nevada and Springfield.

The Highway Patrol said the highway conditions were especially dangerous north and west of Joplin to running generally from Joplin to Hannibal.

"You can make it all right if there's no one else on the road, but" was the way one trooper viewed it.

A Greyhound bus, carrying 34 passengers from Tulsa to St. Louis, was ditched near Carterville, Mo., but those aboard escaped injury.

Butler, Mo., in the west central section of the state, reported 14 inches of snow. Nevada had 11, Carthage nearly 6 inches, Warsaw and Osceola 5 each, and Joplin, Springfield and Lexington 3 inches.

Lesser amounts were reported to the east, but the full force of the storm had not reached there at mid-morning.

The snow in the Springfield area fell on top of a deposit of ice. The weather bureau at Springfield reported that area missed a severe glaze storm by only a matter of two or three degrees. Even that which fell broke trees and downed utility lines.

But with the temporary troubles of motorists, farmers welcomed the moisture, hailed in some areas as a crop boon.

Cape Girardeau has had 3.14 inches since Sunday with .73 of an inch in the past 24 hours. That makes the December total there 7.21 inches, third greatest for the month in weather bureau records there.

Poplar Bluff, with .84 of an inch, reported a total of 6.88 for the month.

Highway Dept. Reports Clogged Missouri Roads

JEFFERSON CITY (AP)—Snow, sleet, slush and ice covered a 150-mile band of Missouri highways stretching generally from the southwest to the northeast, the State Highway Department reported this morning as the storm continued.

The slippery covering is expected to accumulate as much as eight inches deep on the highways. Road clearing and cinders crews were at work.

The 8:30 a.m. road report: U. S. 36—Ice and snow from Clarence to the Illinois line.

U. S. 40—Light snow at Kansas City becoming heavier to the east. Ice and slush from Bonville to Warren.

Reports One of Most Tranquil Years Since War In Labor Matters

WASHINGTON (AP)—This has been one of the most tranquil years in post-World War II labor-management relations, the Labor Department said today.

The department said a survey showed an estimated 3,450 strikes began in 1954, just a few above the 1948 postwar level of 3,419 and about 40 per cent under the 5,117 work stoppages recorded in 1952.

The 1954 strikes, the department said, idled 1½ million workers for an estimated 22 million man-days, fewer than in any year since World War II. In the record postwar year of 1946, 4,600,000 workers were idled by strikes for 116 million man-days.

At Etna a dense column of smoke and cinders blew out of the northeast crater. Deep rumblings were heard, but volcanic experts said there was no immediate cause for alarm.

The eruption of the bleak crater on Stromboli, a cone-shaped island in the Lipari group 30 miles north of Sicily, was the third this year.

Sicily, smoke poured from Mt. Etna.

These signs of nature in a restless mood frightened fishermen and farmers. No serious damage or casualties were reported.

The Army is moving to trim down its manpower

WASHINGTON (AP)—The Army is moving to trim down its size by taking in fewer new men, culling out some officers and shortening slightly the active duty terms of some draftees.

The administration announced last week that the Army had been ordered to reduce its strength by 73,000 more men than had been planned by next June 30, and by an additional 100,000 by mid-1956.

Army officials said today they are still working on a program to bring about these reductions in an orderly way.

The Army's first move was to cut the February draft call from 20,000, which had been fixed earlier, to 11,000. The Pentagon said draft quotas of about that size would continue at least through June.

Terms of some draftees, all of whom were called up for 24 months will be shortened.

According to present thinking, no draftees will be forced out ahead of time, but present plans call for the release next May of draftees who have completed 23 months' service and in June of those who have completed 22 months.

The Army also expects to raise its standards for the acceptance of volunteers and for soldiers who want to re-enlist.

Doctor Found Dying Beside His Patient

ATLANTA (AP)—An Atlanta doctor suffered a stroke while attempting to revive an attractive woman patient in the patient's home and later died in his wife's arms.

An autopsy late last night showed that Dr. Paul D. Vella, 40-year-old endocrinologist and former paratroop surgeon, died of a hemorrhage at the base of the brain.

Detective Sgt. L.L. Hause said the death was listed as due to natural causes. An autopsy was expected to be completed later today on the body of Mrs. Avon Bonner, estranged wife of B. Crenshaw Bonner, southern sales representative of the Music Corp. of America.

The doctor and his 34-year-old patient were found yesterday sprawled fully clothed on a bed in the Bonner home by Mrs. Vella.

Detective W. E. Petty said seven empty or partially empty sedative bottles were discovered in the room and that Bonner said his wife had twice attempted suicide.

Bonner told police he and his wife had two months ago after 14 years of marriage and that he had agreed to give her a divorce so she could marry Dr. Vella.

Petty quoted Bonner as saying he understood Mrs. Vella also had agreed to a divorce, but the detective added that Mrs. Vella herself had made no statement on the subject. She could not be reached for comment.

Mrs. Bonner previously had been a patient at a state mental hospital and only recently had her legal rights restored. Ordinary Eugene Gunby of Fulton County reported.

The doctor and his patient were found about midmorning yesterday by Mrs. Vella when she went to the Bonner home to determine why her husband had failed to return for breakfast after answering a 3 a.m. call. The doctor was dying. Mrs. Bonner apparently had been dead some time.

Petty said Mrs. Vella was holding her husband in her arms and slapping his face in an effort to revive him when officers arrived. He died about an hour later.

Petty said Mrs. Vella told him her husband went to the Bonner home Monday afternoon to treat Mrs. Bonner and returned about 12:30 a.m. Tuesday. He was called back at 3 a.m.

Petty said Dr. Vella apparently found Mrs. Bonner had taken an overdose of sedatives and collapsed while attempting to revive her.

Bonner has three small sons in his custody. Mrs. Vella also has three sons.

Dr. Vella, a native of New York, won several decorations in World War II as a surgeon with the 517th Parachute Infantry Regiment in Italy.

Mac Switches Plans, Will Conduct Hearings On Reds In Factories

WASHINGTON (AP)—Sen. McCarthy (R-Wis.), in a switch of plans, says he has summoned 16 persons to testify publicly Monday about alleged Communists in defense plants.

Over the weekend, McCarthy had said he planned no more hearings before turning over the chairmanship of the Senate Investigations subcommittee to Sen. McClellan (D-Ark) when the new Senate meets next Wednesday.

But yesterday he said there would be hearings Monday dealing with "Communist penetrations in General Electric plants in New England, Westinghouse Electric in Pittsburgh and Allis-Chalmers in Boston."

Escaped Monkey Hides In Hall of Mirrors; Confusion Results

LONG BEACH, Calif. (AP)—An escaped monkey in the hall of mirrors left no time for idle reflection in the Pike Amusement Zone yesterday.

Earl Miller, 19, was polishing glass in the maze of mirrors when he spotted the monkey and 19 reflections of monkeys staring at him. The monkey saw 20 Millers staring back.

Miller left for help. The monkey snarled and spat at his 19 freshly polished reflections.

Concession workers, animal shelter officials and police arrived. Their reflections in the maze of mirrors added to the general confusion.

The monkey leaped to the rafters and fled to the quiet of a rest room, where he sulked until captured.

Youth Won't Assist Court With Complaint

BOSTON (AP)—William J. Gallant, 17, appeared yesterday before the Boston Licensing Board on a liquor complaint against a liquor store dealer accused of selling to minors.

"Did you purchase the liquor?" asked Board Chairman Mary Driscoll.

"I refuse to answer on the grounds that I might incriminate myself," Gallant replied.

Miss Driscoll tried to convince the youth to change his attitude. He refused, so the board withheld his \$3.40 witness fee.

Two Cars Hit Store, But No One Is Hurt

COLCHESTER, Vt. (AP)—Monday night an automobile failed to make a curve in front of Roland Gifford's store and slammed into the building. Damage to the store was slight. Last night another careening automobile crashed into the store and demolished the porch. No one was hurt in either crash.

Dworshak Asks Ike to Balance Federal Budget

WASHINGTON (AP)—Sen. Dworshak (R-Idaho) said today President Eisenhower's federal budget proposals next month may determine whether or not the Republicans win the 1956 election.

The Republicans made a solemn pledge to curtail federal spending and balance the budget as soon as possible," Dworshak said in an interview. "This will be the last chance to do so before the voting in the 1956 election."

Secretary of the Treasury Humphrey said Dec. 6 it would not be possible to balance the budget in the fiscal year starting July 1. He did not forecast the prospective deficit.

The most recent estimate for the year which ends next June 30 is that the government will wind up about \$4 billion dollars in the red. That would compare with 3 billions and \$12 billion in the two previous years.

Dworshak, a member of the Senate Appropriations Committee, said he is confident a balance could be reached next year "without impairing our national security and preparedness or curbing necessary federal services and functions."

A similar call for pruning out unnecessary spending came yesterday from Rep. Cannon (D-Mo.), who will be chairman of the House Appropriations Committee in the new Congress.

Cannon, in a statement dictated from his home in Missouri, said all budgets are "compromises and can be cut, and certainly the situation today demands minimum expenditures and elimination of every dispensable item."

Colombia Police Kill A Notorious Outlaw

CALI, Colombia (AP)—A notorious Colombian outlaw, blamed for more than 100 killings, was shot and killed yesterday in a wild gun battle with a police detachment. Several of the officers were wounded. The 28-year-old outlaw, nicknamed "Pistocho," had escaped from several prisons. There was a 5,000-peso (\$2,000) "dead or alive" reward on his head.

Orange Bavarian In Fancy Mold Makes a Gala Dessert

GLISTENING ORANGE BAVARIAN in fancy mold makes the perfect New Year's dessert.

By Gaynor Maddox

NEA Food and Markets Editor

Still undecided about dessert for your New Year's dinner?

From Mrs. Hugh Stapp of Denver, Colo., comes a beautiful suggestion, light, glistening and delicate. Following a heavy festive dinner, it's the perfect end.

Orange Bavarian

(Yield: 6 servings)

One envelope unflavored gelatin, $\frac{1}{2}$ cup sugar, divided; $\frac{1}{8}$ teaspoon salt, 2 eggs, separated; $\frac{1}{4}$ cups orange juice, 2 teaspoons of grated orange rind, 1 cup heavy cream, whipped or 1 small can ($\frac{1}{2}$ cup) icy cold evaporated milk, whipped.

Mix together gelatin, $\frac{1}{4}$ cup of the sugar and salt in top of double boiler. Beat together egg yolks and orange juice; add to gelatin mixture. Cook over boiling water, stirring until gelatin dissolves and mixture thickens slightly, about 5 minutes.

Remove from heat; stir in the orange rind. Chill until mixture is slightly thicker than the consistency of unbeaten egg white. Beat egg whites until stiff, but not dry. Gradually add remaining $\frac{1}{4}$ cup sugar and beat until very stiff. Fold into gelatin mixture. Fold in whipped cream or

evaporated milk. Turn into a 5-cup mold or individual molds; chill until firm. Unmold. If de-

stired, serve with chocolate sauce.

Ice Cream Cherry Royale

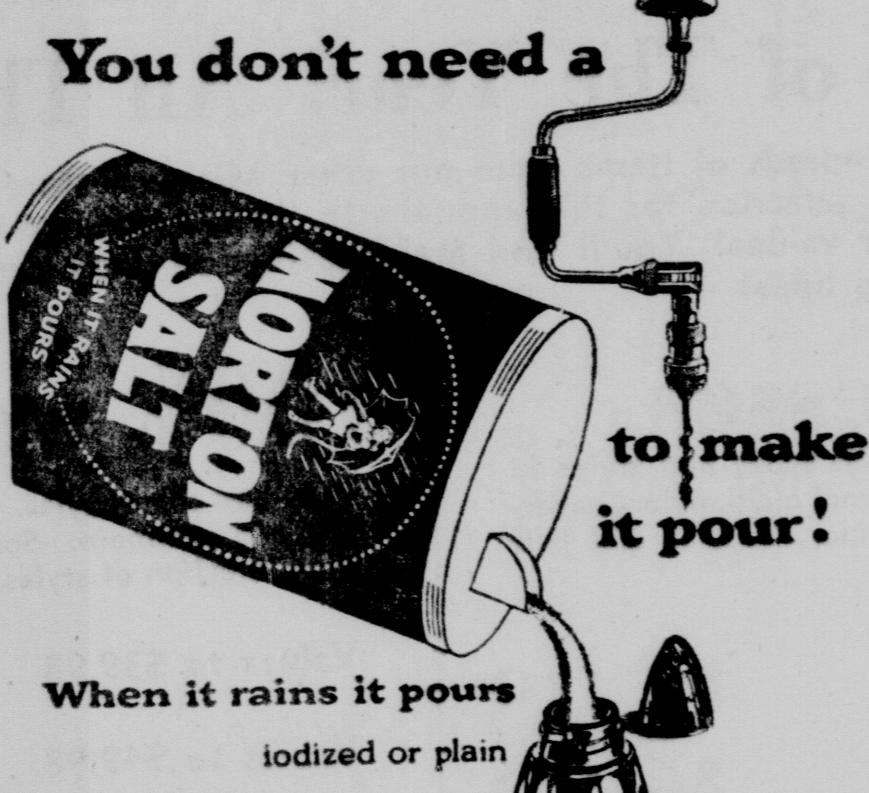

(Yield: 6 servings)

Two teaspoons cornstarch, $\frac{1}{2}$ teaspoon cinnamon, 3 tablespoons sugar, 1 can (16 ounces) pitted Bing cherries, $\frac{1}{2}$ teaspoon lemon juice, 3 tablespoons dry cooking sherry, 2 pints pre-packaged vanilla ice cream.

Mix together cornstarch, cinnamon and sugar in saucepan. Drain cherries; add syrup and stir until blended. Cook, stirring constantly, until mixture is slightly thickened and comes to a boil. Remove from heat; add lemon juice, sherry and cherries. Cool slightly. Spoon ice cream into serving dishes; top with sauce.

Tomorrow's Dinner:

Broiled chicken, parsley boiled potatoes, mashed squash, enriched bread, butter or margarine, green salad, orange Bavarian with chocolate sauce, coffee, tea, milk.

**Yugoslav Writer
Is Believed
Under Arrest**

BELGRADE, Yugoslavia (UPI) —

friend and biographer of President Tito who has been accused of betraying his country, was unavailable to newsmen today. There was speculation that he may already be under arrest.

Parliament last night removed Dedijer's immunity as a deputy and ordered him tried on criminal

charges. The motion was adopted unanimously amid applause from the chamber.

Foreign newsmen who went to Dedijer's home to hear his side of the story were turned away by security police. Although it was only 7 p.m., police said the husky 40-year-old veteran of partisan

fighting against the Axis powers

World War II was asleep.

The official Belgrade radio said

last night the Yugoslav Communist party's Central Control Commission has accused Dedijer of betraying the party and the country

on four counts:

1. He cooperated with former

Vice President Milovan Djilas in policies designed to divide the party. Djilas was ousted from his government and party posts in January.

2. He continued his "slanderous" work after Djilas was removed.

3. He refused to accept the jurisdiction and competence of the

party's Control Commission when called before it Dec. 15.

4. He furnished "false information" "slanderizing Yugoslavia" to the foreign press.

Conviction could lead to a prison sentence of six months to 20 years.

**What about
prices that
are not
in the ads?**

Checking food ads is a good way of learning about low prices. But the ads can't tell the whole story. At best they include only a small percentage of the items on your entire shopping list. So savings made on "specials" can easily be wiped out unless your other purchases are made at the right prices.

That's why the basic part of Safeway's pricing policy says that every item—we repeat—every item must be priced low. Consider what this means to you. It means savings right down the line . . . not just on our advertised specials, but on everything.

You'll find too, that Safeway is quick to pass on to customers the benefits of any reductions made possible by changes in market conditions. Watch for special markers on our shelves, calling attention to reductions.

Remember, it's easy to cancel savings from "specials" unless other prices are low, too. So start today to save at Safeway, where all prices are always low.

Asks Orphans Superintendent Be Discharged

HARTFORD, Conn. (AP) — The State Welfare Department, charging that orphans were thrown against walls and whipped with leather belts as punishment, has asked Gov. John Lodge to fire the superintendent of the New Haven County temporary home for children.

The charges were made yesterday in a report to Lodge, who turns over the governorship Jan. 5 to Democrat Abraham A. Ribicoff. The report was written by former Welfare Commissioner Howard Houston, who resigned last week to accept a U.S. government post in India.

Houston told Lodge that Fred Stickels, superintendent of the home in West Haven, should be kept on no longer "than is absolutely necessary" because a Welfare Department investigation showed Stickels is "grossly unable to manage the home."

Houston said his investigators found that a 22-year-old, 200-pound attendant once twisted a boy's arm until it broke because the boy had gotten out of line.

The same attendant, Houston said, dragged another boy across the dining room floor and hurled him against the wall because the boy swore at the table. Houston said the boy suffered a concussion.

Stickels has denied the charges, many of which Houston said were based on complaints of two former employees.

Houston said the Child Welfare League of America will conduct a full-scale investigation of the home, where some 130 state wards are housed until they can be accommodated in private homes.

New Haven County's three commissioners have decided not to dismiss Stickels before the welfare league completes its investigation.

Posse Renews Hunting Man For Shooting

IRVINE, Ky. (AP) — A sheriff's posse renewed its search today for a 24-year-old farmer accused of ambushing Sherman Collins shortly before Collins' wife was shot to death.

The search for Wilbur (Bud) Isaacs Jr. centered around a wooded area at nearby Wagersville where he and Collins were neighbors.

Collins, 33, was shot in the back and died Sunday but managed to crawl home. His wife then started on foot to Irvine, 8 miles away, for medical aid but never returned.

The following morning, neighbors took Collins to his brother's home and the wounded man notified Sheriff Fred Brandenburg that his wife was missing.

The body of the 32-year-old woman was discovered Monday night at her home. There was mud on one shoulder and a footprint on her chest. Like Collins, she also had been shot with a .22 caliber rifle. The sheriff said Mrs. Collins had been killed elsewhere and dragged back to the house.

Later, a warrant was issued charging Isaacs with shooting with intent to kill. No charges have been filed in the death of Mrs. Collins.

The sheriff said Collins told him there had been no previous trouble between him and Isaacs.

Rita Hayworth Signs Hollywood Contract After a Suspension

RENO (AP) — Rita Hayworth will return to Hollywood to make two movies, thus ending a six-month suspension from Columbia Studios.

In a terse statement announcing a contract was signed here last night, Miss Hayworth's attorneys said the two pictures "would end her Columbia association."

There was no mention of salary. It was reliably reported, however, that the actress' husband, crooner Dick Haymes, successfully bid out for one million dollars plus \$15,000 per picture.

The announcement said Miss Hayworth would start work in March on "Joseph and His Brethren," a biblical story in which she will have the role of Princess Zuleika. Her second film has not been selected.

In Hollywood Columbia said only: "All differences which have existed are being adjusted to the mutual satisfaction of all parties."

Ike Maintains His Attitude Of Silent Wait

AUGUSTA, Ga. (AP) — President Eisenhower maintained his attitude of watchful waiting today as the French National Assembly approached its historic vote on German rearmament.

He had a half-hour telephone conversation this morning with Secretary of State Dulles.

Rearmament of West Germany as a full partner in the North Atlantic Treaty Organization is a cornerstone of American defense policy in Europe, and the Eisenhower administration is extremely anxious that France support the plan.

"All we're going to do now is sit and wait for a vote from the general Assembly," James C. Hagerty, White House press secretary, told a news conference.

"We won't have anything until the vote is official and counted."

If the French reject German rearmament, it is possible that Eisenhower will break off his holiday stay here and fly back to Washington to begin a new struggle for Western unity.

The President worked on the latest revision of his State of the Union message, to be delivered before a joint session of Congress Jan. 6. The White House said last night that he cannot complete the message until the French act.

Hagerty did not explain what changes might be required if France rejects German rearmament, but they would probably involve defense matters, relations with U.S. Allies in Europe, and possibly foreign aid.

Russell Maag sang "Sometime We'll Understand" and "Abide With Me." Mrs. Mae Mose was the accompanist.

The body was to be taken to Corning, Ia., for burial.

Man Is Held For Torturing Old Roommate

OTTAWA — Police are holding a 265-pound Ottawa man they accuse of repeatedly torturing and beating his 86-year-old roommate and long-time friend because he thought the old man had stolen \$800 from him.

Alex Keninski, 65, was arrested last night and charged with inflicting grievous bodily harm.

The victim, Ukrainian-born Iwan Onowrichuk, was hospitalized and reported in a serious condition. He continued to deny that he had lifted the money from Keninski's pants pocket on the night of Dec. 12, while Keninski, his friend for 20 years, was sleeping.

Police said Onowrichuk, from his hospital bed, told them through an interpreter that Keninski:

After discovering his loss on Dec. 13 beat him up despite the older man's denials he knew nothing of the theft.

"Ripped the house apart" in a vain search for the money.

Forced a red hot iron between Onowrichuk's lips Dec. 17.

Yanked out two of his teeth with pliers Dec. 18.

Pierced his ear lobes repeatedly with wires Dec. 19, then twisted them Dec. 19.

And when he still denied the theft, beat him up again and jumped up and down on his body.

Following up an anonymous telephone call, two police officers discovered the old man Monday in a "pitiful condition" in the bedroom, the two men shared in Keninski's home.

Cake Bells Ring In New Year

RING IN 1955 with cake bells for Happy New Year.

By Cecily Brownstone
Associated Press Food Editor

THE CLOCK strikes 12! It's the New Year, of course, and the party table is ready to get everyone off to a delicious start. Whatever you choose for the main course of the collation, you may want to have a festive dessert to tempt those guests who have a sweet tooth.

If you want to take life easy you can use a devil's food mix for our Bell Cakes. Or use your own favorite chocolate cupcake recipe, bake it in custard cups and decorate with our mint Frosting. So pretty these cakes, with their silver candles on the frosting's soft curves and their ingenious "handles." Tonight the cook's the bell of the ball!

Sliced smoked tongue and slices of cold roast chicken or turkey are always fine for a New Year's platter. You might also have a tureen of fish or oyster chowder coming into fashion for midnight celebrations. Both the fish and oyster chowders are available in frozen form nowadays, and are superior products — quite elegant enough for a celebration. Serve the chowder, if you decide on it, with sandwiches made of buttered white bread (sliced paper-thin) and sprigs of watercress.

New Year's Bell Cakes

Ingredients: One 20-ounce package devil's food mix, Mint Frosting, silver candies, fruit-flavored ring-shaped hard candies.

Method: Prepare devil's food mix according to package directions. Pour batter into 14 greased and floured $\frac{3}{4}$ -cup-size custard cups, filling two-thirds full. Bake in moderate (350 degrees) oven about 25 minutes, or until cake tester inserted in center comes out clean. Cool 10 minutes, then turn out cakes and finish cooling. Cover with Mint Frosting, curving into the shape of a bell. Decorate each bell with silver candies and a fruit-flavored ring-shaped hard candy for the handle.

Mint Frosting

Ingredients: 2 egg whites, $\frac{1}{2}$ cup sugar, dash of salt, $\frac{1}{2}$ cup water, 2 teaspoons light corn syrup, $\frac{1}{4}$ teaspoon peppermint extract.

Method: Put unbeaten egg whites, sugar, salt, water and corn syrup in top of double boiler. Beat about 1 minute, or until thoroughly mixed. Then place over boiling water, and beat constantly with sturdy egg beater or at high speed of electric beater 7 minutes, or until frosting will stand in stiff peaks. Remove from boiling water.

For a very smooth and satiny frosting, pour at once into a large bowl. Add peppermint extract and beat about 1 minute, or until frosting is thick enough to spread.

BLUE CHEESE cocktail sauce, made in the United States, is something new for shrimp.

By Gaynor Maddox

Shrimp cocktail is about the most popular de luxe American first course. Blue cheese, now being made in the United States with considerable success, is also popular. So we did a little experimenting with these two favorites.

The result is a blue cheese shrimp cocktail. We think you'll enjoy it at one of your holiday dinner parties.

Blue Cheese Shrimp Cocktail (Makes 6 Servings)

One cup catsup, 2 tablespoons minced onion, 3 tablespoons lemon juice, 1 teaspoon Worcester-shire sauce, dash Abasco, 1/2 cup

crumbled American blue cheese (about 3 ounces), 6 small lettuce cups, 1 1/2 pounds shrimp, cooked, deveined, 1/2 cup of chopped celery.

Combine catsup, onion, lemon juice, Worcester-shire sauce, Tabasco and cheese. Mix well and chill. Place lettuce in cocktail glasses. Arrange shrimp and celery in lettuce. Serve with cheese cocktail sauce.

Blue Cheese Baked Apples (Makes 6 Servings)

Six medium-sized apples, one cup crumbled American blue cheese (about 5 1/4 ounces), 2 tablespoons currant jelly, 1/2 cup of

sugar, 1 cup water.

Core apples and peel upper halves. Combine cheese and jelly mix well. Fill center cavities of apples with cheese mixture. Place in shallow baking dish. Combine sugar and water; bring to a boil and boil two minutes. Pour syrup over apples. Cover and bake in moderate oven (350 degrees F.) 45 minutes to one hour, or until

apples are tender. Baste occasionally during baking with syrup. Serve warm.

Tomorrow's Dinner:

Blue cheese shrimp cocktail, fried frozen fillet of sole with tartar sauce, mashed potatoes, buttered broccoli, hard rolls, butter or margarine, raw carrot sticks, and peach halves in syrup, macaroons, coffee, tea, milk.

Friendly Dinner

GRAND RAPIDS (P)—A white mouse has become the friend of, instead of the dinner for, a weasel at the Public Museum.

Once a week attendants add a live mouse to the weasel's diet. But the weasel took a liking to the white mouse even to sharing the horsemeat it gets for between-mouse snacks.

Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

Fellow Named Brooks Is Sure To Win Duel

DALLAS (AP)—The big individual duel in the Cotton Bowl will be won by a fellow named Brooks.

William (Bud) Brooks is the power of the Arkansas line—the first All-America football player in the school's history.

Franklin (Squint) Brooks is the anchor of the Georgia Tech line—one of the greatest in the array of mighty men who have played for the Yellow Jackets.

They have the same name and both play guard and much of the time they'll be smashing at each other in the Cotton Bowl battle here Saturday.

As they go it's likely their teams will go.

Bud Brooks was an All-Southeast Conference player in his sophomore season but as a junior he had to fight his way back onto the team. Coach Bowden Wyatt, who doesn't deal in past history, didn't think Bud showed the proper desire. And it was the third game of the season before Brooks could convince him he was ready to play football. So in he went and he became the greatest of all Razorback linemen.

Weighting 200 pounds but capable of running 100 yards in 10.3 in football regalia—second fastest man on the Arkansas squad—Brooks made All-America in a breeze and also was awarded the Outland Trophy as the top lineman in the nation by the football writers.

When Franklin Brooks went to Georgia Tech he only had to step across the street. The O'Keefe high school practice field at Atlanta was that close to the practice field at Georgia Tech. He was good enough to play on Tech's best football team in 1952 while still a freshman. In 1953 he was lineman of the week for his great work against Southern Methodist.

The 190-pounder played defense only in 1952 but went both ways in 1953. He was not outstanding offensively until this season, however, when he found out it was fun to block as well as tackle.

Says Coach Bobby Dodd: "I think anybody to be better than Brooks would have to be a superman."

So those are the fellows who will be facing each other when Arkansas and Georgia Tech line up for the Cotton Bowl kickoff. It should be an interesting afternoon just watching them.

Bank Official Is Accused Of Embezzling

ATLANTIC CITY, N.J. (AP)—The FBI says a tall and trusted bank official has admitted embezzling \$48,000—which went on "personal enjoyment, entertainment, and to meet social obligations."

And, the FBI says, 45-year-old Robert F. Johnstone "attributed his downfall to an effort to live beyond his means."

Johnstone, married and the father of a son in college, fought hard to hold back his tears at his arraignment last night before U.S. Commissioner William E. Stringer.

He is assistant vice president of the Boardwalk National Bank—the largest in this resort city. He also serves as treasurer and vestryman of All Saint's Episcopal Church.

FBI Agent Harvey Foster said the \$48,000 was taken from the bank by Johnstone over a 10-year period. However, the charge last night dealt only with an alleged misappropriation of \$9,600 made the day before Christmas.

Further charges against Johnstone will be made to include the remainder of the \$48,000, said U.S. Atty. Charles H. Nugent.

Johnstone's story, according to Foster, painted a picture of a man who kept falling deeper into trouble after making an initial mis-

take. The FBI agent said Johnstone first took funds from an account over which he had sole control in 1944. Then he began manipulating accounts and making false entries.

He went to work at the bank 24 years ago. He was made an assistant vice president and director of public relations in 1951.

Four years ago, Foster said, Johnstone found that his accounts were shy by \$20,000. He placed big bets at the nearby Atlantic City race track in a vain effort to recoup the money, Foster declared.

According to a reliable source who declined use of his name, Johnstone's annual salary—including bonuses—was \$7,000.

The bank official, who lived with his wife in a modest apartment in a suburban housing project, told federal authorities he had no assets of any value at present.

Varied Weather, Mostly Nasty, Sweeps Nation

By THE ASSOCIATED PRESS

There was a variety of weather, mostly miserable, in many parts of the country again today.

Across the nation there was snow, rain, sleet, thundershowers and a tornado. It was cold in most of the northern half of the country. In most of the East and Southeast, temperatures were above seasonal levels.

Snow covered all the Texas Panhandle and most of west and northwest Texas. A belt of snow, sleet and freezing extended from northeastern Oklahoma northeastward into east central Missouri.

Snow continued in northern New England. At Caribou, Maine, it measured 23 inches, an increase of one foot since yesterday morning.

Rain pelted areas from Mississippi and Alabama to the Middle Atlantic states and northward along the Atlantic Seaboard to southern Maine.

It was below zero in parts of Nebraska and temperatures were freezing or lower in the Rocky Mountains eastward across the northern and central Great Plains, the upper Mississippi Valley and the northern Great Lakes region. In contrast, the Southeast states reported readings in the 60s and 70s.

The vernal equinox, about March 20, officially marks the beginning of spring.

Woman, 100, Receives Ike's Congratulations

LOUISVILLE, Ky. (AP)—If you're seeking the fountain of youth, Kentucky may have it.

There are at least 17 persons in the state who have passed the 100 mark and probably others who have had no publicity.

The exclusive group got its newest member today and she got a letter of congratulations from President Eisenhower.

"It tickled me to death," said Mrs. Mary E. Yount. "I've been a Republican all my life."

Writer Gets Jail Sentence In Istanbul

ISTANBUL, Turkey (AP)—Deputies from the major opposition party bought Husein Cahil Yalcin a desk for his 80th birthday. He was charged with reckless driving, destruction of public property and driving while his license was revoked. "My brakes wouldn't work," he explained.

Turkey's most famous columnist was in a jail where no such gifts were allowed.

A criminal court sentenced him to 20 months for insulting Prime Minister Adnan Menderes, under press laws tightened last March. More than 20 journalists have been jailed or face criminal charges.

Today, however, there are signs the pressure has eased and that the Menderes government recognizes it has a bear by the tail.

It's against the law to insult or attack the honor or dignity of any Turkish citizen, or delve into anyone's private life without his consent. The penalty can be heavier—up to nine years—if the one insulted is a public official.

It's also forbidden to insult the moral personality of the Turkish nation, the Turkish Parliament or Turkish justice.

In the election campaign last May some pens ran hot, including Yalcin's. He called Menderes a liar for saying Yalcin had secreted a private fortune abroad. A government spokesman says one of the statements which put Yalcin behind bars was an article saying:

"A country which keeps in its administration such a prime minister (Menderes) loses everything so far as honor and prestige are concerned in the western world."

Exponents of the Menderes press policy say restrictions are necessary because of past abuses and to keep controls on subversives.

Some critics ask why Menderes—with control of more than 90 per cent of the seats in Parliament—seems so fearful of an opposition press.

Horse, Rider Spend Night In Custody For Being Intoxicated

ST. ALBANS, W. Va. (AP)—Police arrested a beer-drinking horse and its owner here Monday when both were seen weaving down the street near a tavern.

Homer Carpenter, 50, of the Two and Three-Quarter Mile Creek area, was jailed. His horse was taken to the city garage. Police said both were intoxicated and Carpenter admitted giving the wobbly-legged horse "about two quarts of beer."

Carpenter paid his fine yesterday, picked up his sobered horse and departed.

Small Twister Hits Northern Mississippi

Bob Thomas Is Hollywood...

Las Vegas Is On Threshold Of Big Entertainment Boom

By BOB THOMAS

HOLLYWOOD (AP)—That low rumble heard from Las Vegas is not another atomic bomb test. It's the beginning of one of the biggest entertainment booms in history.

That gambling oasis on the great American desert, already making money hand over dice, will get its biggest push in 1955. Five new hotel-casino-niteties are being built adding to the seven now in business, and others are projected. It

is estimated that 20 million dollars will be paid to entertainers next year to lure citizens to the gaming tables.

Will Las Vegas find enough new customers to absorb this huge new expansion?

Or will the new places and skyrocketing salaries for entertainers kill Nevada's golden goose?

You hear it both ways from the entertainment bookers for the Las Vegas hotels. They spend much of their time here, since Hollywood is their principal source of star talent.

"I think we're creating a Frankenstein that we'll never be able to cope with," argues Abe Schiller, Hotel Flamingo. "Where will it end? There isn't enough money in the world to pay for the fantastic salaries that some of the places are offering."

Taking another view is Jack Entratter, big, smooth-operating

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., Dec. 29, 1954 13

major domo of the Sands, who formerly operated big New York clubs. Says he: "We're going to try to get by on the same basis we have before. I think this whole thing will level itself off after six months or so."

Whatever happens, the face of the desert is going to change even more radically than it has in the decade since Las Vegas started becoming the playground of the West.

Ten years ago, Las Vegas was a smallish frontier town, chiefly noted as a runaway spot for Californians who wanted to marry in a hurry. Then there started arising on the highway south of town large, Hollywood-style hotels with huge swimming pools, waving palms and handy crap tables. The Strip is now alive with construction.

Total amount of new building projects, including a huge downtown hotel, is estimated at 45 million dollars. In addition, several

more buildings are under construction.

Hotel Flamingo. "Where will it

end? There isn't enough money in

the world to pay for the fantastic

Weather guess: More moisture than fell in drouth areas in 1954. Hottest in other sections of country. Plan on rain during your vacation, and let your wife plan on sunshine. (That way you can't both be disappointed.)

Astrology forecast: Men born under the sign of Capricorn will find themselves strangely fascinated by red-haired girls during 1955. They should beware. So should the men of Aquarius, Pisces, Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio and Sagittarius.

Creamy Oyster Stew Is A Hearty Late Party Dish

A LARGE TUREEN OF OYSTER STEW is just the dish for your late New Year's Eve buffet party.

By Gaynor Maddox
After celebrating the birth of 1955, there could be nothing more welcome than a great tureen of oyster stew.
